WILHELM VINCENT S. PANGILINAN

BACHELOR OF SCIENCE IN COMPUTER SCIENCE MAJOR IN NETWORK AND INFORMATION SECURITY

0927 113 8982 | wilhelm_pangilinan@dlsu.edu.ph | Parañaque City, Philippines

Objective

To secure a challenging role in cybersecurity leveraging my active participation in CTF competitions (HTB: CyberApocalypse, picoCTF), hands-on experience with security tools (Wireshark, Nmap, Metasploit), and background in Network and Information Security to contribute to an organization's defense capabilities while growing as a security professional.

Skills & abilities

Proficient in using security tools and technologies such as Wireshark, Nmap, and Metasploit.

Excellent problem-solving, critical thinking, and analytical skills, with the ability to work under pressure.

Proficient in English and Filipino, with strong verbal and written communication skills in both languages.

Experience

Proficient in creating and managing virtual machines in cloud and traditional environments for testing, training, and simulating network security scenarios.

Hands-on experience in digital forensics, including identification, collection, preservation, and analysis of digital evidence.

Actively participated in Capture The Flag (CTF) competitions, enhancing skills in vulnerability assessment, penetration testing, reverse engineering, and cryptography.

Education

2021 – Present

DE LA SALLE UNIVERSITY

BSCS Major in Network and Information Security

2019 - 2021

SAN BEDA COLLEGE~ALABANG

STEM-ICT

Competitions

March 2024

CYBER APOCALYPSE CTF 2024: HACKER ROYALE

March 2024

OSU!GAMING CTF 2024

March 2024

PICOCTF 2024
